

### ***Deficiency-Free***

The Meadowview Nursing and Rehabilitation Center was found deficiency-free in its 2013 state evaluation conducted on-site, over a four day period without prior notice. The state's inspection team evaluated all aspects of resident care and nursing facility procedures and practices, assessing facility compliance with more than 150 specific state and federal standards.

### ***Contact Us***

The Meadowview Nursing and Rehabilitation Center is dedicated to providing comprehensive, quality care in a safe and comfortable setting. We encourage you to call or visit to learn more about our facility.

## ***Welcome to Meadowview***

Atlantic County's Meadowview Nursing and Rehabilitation Center has earned a reputation of excellent, quality care. Our pleasant, modern 180-bed facility offers long term care and rehabilitation service under the direction of a professional staff dedicated to enhancing the quality of life of our residents. Conveniently located in Northfield, Meadowview's landscaped grounds are highlighted by a lovely park and gazebo enjoyed by residents and visitors throughout the year.

### ***Comprehensive Care***

At Meadowview, we have an interdisciplinary approach to patient care. Working as a team, our doctors, nurses, dietitians, therapists, social workers and recreation professionals develop a comprehensive and fully coordinated care plan for each patient.

Complete medical services are provided. Staff physicians make frequent rounds Monday through

Friday, and are available twenty-four hours, seven days a week as needed. Dental services are provided onsite through the John H. Cronin Dental Center, operated by Atlantic County in conjunction with the Rutgers School of Dental Medicine. Podiatry services are available through a consulting service in our onsite foot clinic. Hospital care is available just minutes away at Shore Medical Center or AtlantiCare Regional Medical Center.

### ***NEW Sub-Acute Care Unit***

Our new sub-acute care unit addresses the short-term recovery needs of patients following a hospital stay, injury or illness. It includes 30 beds within our facility.

### ***Therapy Services***

Meadowview provides a full range of physical, occupational and speech therapy rehabilitation services in a fully equipped therapy gym. Wound and IV

therapy is also available. Our services are designed to help residents achieve and maintain the highest practicable level of day-to-day activity.

### ***Recreational Services***

Meadowview's recreation department offers residents carefully planned therapeutic activities which meet their physical, social, and spiritual needs in group and individual settings. Birthdays and holidays are celebrated with decorations throughout our facility.

The Friends of Meadowview is an active volunteer group that assists both residents and staff in countless ways. Our volunteers operate the center's well-stocked gift shop. Most importantly, they provide residents with friendship and companionship.

### ***Social Services***

Meadowview's social services department is available to help both residents and family members with any concerns and issues.
