Dear Volunteers,

I wanted to take a few moments during National Volunteer Appreciation Month to share some thoughts and thanks with you.

I know you've heard this from me and our staff many times before and I will say it again and again because it is the truth behind the many achievements of the Atlantic County Office of Emergency Management. You, our volunteers, are the reason for our success within the community. The truth is, without you, there would be no way for our office to rely on getting our residents the much needed resources before, during and after an emergency. And I want all of you to know that I share this truth regularly with people who admire our successes and wonder how we've accomplished all that we have.

In every way, the thanks belongs to each of you who have given of yourselves in so many ways; your time so willingly, your backs so readily, and, above all, your readiness so unconditionally. You work tirelessly with a devotion that is, in every way, second to none. It is your hearts and your dedication that is the formula for our success.

I implore you this month to take extra pride in yourselves and all that we have accomplished together. You are truly a force to be reckoned with!

Thank you all so much!
