**Help to replant communities damaged by Superstorm Sandy with free tree seedlings!
Seedlings planted today will create forests for our future.**

All seedlings will be native to the coastal habitat of our area and will be distributed on a first come, first served basis. Instructions on care and planting will be provided along with one bundle (5 tree seedlings) per household.

If you would like to participate, it is suggested that you call ahead to confirm seedling availability the day of the event, especially if you are driving from a distance. However, you cannot call to reserve a bundle.
