

ATLANTIC COUNTY PARKS
AND THE WETLANDS INSTITUTE PRESENT

Traveling Turtles

Saturday, December 14th 11am

Ages: PreK – 6th grade

Meet in the Warren E. Fox Nature Center

109 Route 50 (South), Mays Landing 08330

These ravishing reptiles elicit awe from students of all grade levels. Students will get a chance to meet a variety of turtles that are native to New Jersey, as well as explore various hands-on turtle artifacts. Your group will dive into topics such as: turtle anatomy, natural history, behaviors, adaptations, life cycles, and more. Students will also learn about our Diamondback Terrapin Conservation Project and get some quality time with live adult terrapins and even some hatchlings. Although students do not touch the live turtles, there are plenty of opportunities to view these amazing animals, as staff walk around with them to ensure a closer look.

Pre-registration required:

Program is free, but registration is required. Please sign up by contacting the Atlantic County Parks Nature Center Staff at **609-625-1897** or email **pleis_kathleen@aclink.org**
