Dear Dennis,

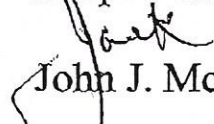

With the present state of mail delivery I thought it necessary to send this letter to you via fax for prompt delivery.

Yesterday, my wife, some staff member and I had the good fortune to receive our first COVID inoculation through your program at the Atlantic-Cape Campus. Expecting long waits and a confusing process, we were delighted with the reality your program and staff provided.

From the initial sign-up/scheduling program on your County website thru the inoculation process at the campus site, the program was handled most professionally and caring for the participants. The staff were most informative and calming from entrance to exit.

My sincere congratulation to you and your staff for quickly and professionally addressing the pandemic concerns and promptly providing the opportunity for protection from the virus.

Respectfully

  
John J. McAvaddy
