Guidelines for Enrolling Clients in NJ FamilyCare

This project was developed by the Healthy Mothers, Healthy Babies Coalition of the Southern New Jersey Perinatal Cooperative in collaboration with Atlantic County Division of Public Health.
The purpose of this guide is to help healthcare workers better assist their clients with the NJ FamilyCare application process. Obtaining healthcare coverage is very important because it allows clients to gain access to the healthcare system. Those with health insurance coverage are more likely to receive care and experience better health outcomes than those who are uninsured. Many residents may be eligible for publically funded insurance coverage such as NJ FamilyCare but are not aware of their eligibility or the steps they need to take to apply. This guide will help healthcare workers better understand the application process and provide information about some of the common challenges individuals face when applying for insurance coverage through NJ FamilyCare.

This project was developed by the Healthy Mothers, Healthy Babies Coalition of the Southern New Jersey Perinatal Cooperative and the Atlantic County Division of Public Health. Most of the information provided in this guide was obtained from the NJ FamilyCare website (njfamilycare.org). This website provides a wealth of information about the NJ FamilyCare application process including eligibility requirements, immigrant information, how to apply, and how to choose a health plan. Individuals interested in applying for NJ FamilyCare can apply online at this website or use the paper application attached (found on the website) and return by mail.

This guide also includes information that healthcare workers can use to direct their clients to appropriate healthcare organizations for care while they wait for their insurance to become effective or if they need treatment but do not qualify for NJ FamilyCare. These organizations include Federally Qualified Health Centers and other medical facilities that offer services on a sliding scale for uninsured or underinsured residents.

Information about NJ FamilyCare in this guide was obtained from the following source:
NJ FamilyCare is publicly funded free or low-cost health insurance for NJ residents. NJ FamilyCare is for people who do not have employer insurance.

**Eligibility Requirements**

To be eligible for NJ FamilyCare, a person must be either:

- An adult US citizen.

  - “Qualified” status includes:
    - A lawful permanent resident
    - A refugee
    - An asylee
    - A Cuban-Haitian entrant
    - An undocumented resident whose deportation is being withheld by USCIS, immigrant paroled over one year

  - “Qualified” children can be eligible even if they have lived in this country fewer than five years.

**Income Eligibility**

- Review the [NJ FamilyCare Income Chart](#) (Appendix A) to determine the client’s possible eligibility.
- Financial eligibility for individuals seeking eligibility for NJ FamilyCare will be based on the household Modified Adjusted Gross Income reported on the federal tax return. The income and household size will be determined by their latest federal tax return which when filed, can be electronically verified.
- The size of the family may be determined by the total number of parent(s), or caretaker(s), and all blood-related children under the age of 21 who are tax dependent, as well as any other tax dependents residing in the home.
- If eligible for NJ FamilyCare, individuals will receive comprehensive health insurance services which covers:
  - doctor visits, eyeglasses, hospitalization, lab tests, x-rays, prescriptions, mental health, dental, and preventative screenings.
- For many people, NJ FamilyCare will cost nothing: no monthly premiums or co-payments. For higher income families with children there is a sliding scale for co-payments and monthly premiums.
## 2. Apply Online

**1. Go to njfamilycare.org**

- To start an application, click “Apply Here” in the red star on the top right-hand corner of the home page.
- To create a new application, click “Start New Application.” To complete an existing application, click “Resume Existing Application.”

**2. Fill out the application (Appendix B)**

- Filling out the online application takes approximately 15-20 minutes.
- To fill out the online application, you will need the following information about your client’s family before you begin: Family includes adoptive or natural parents and their spouses, or caretaker relatives if there are no parents, children under 21, and all claimed tax dependents:
  - Names and birthdates.
  - Social Security numbers or immigration numbers for those applying for coverage.
  - Policy numbers for any current health insurance.
  - Employer and/or income information for the last 30 days for everyone in the family (for example, employer address and gross income.)
  - **Note:** Client must provide an accurate physical address. A PO Box address will not be accepted.
- Immigrant information:
  - To be eligible, immigrants must have documents that allow them to reside in the U.S. permanently.
  - Applying for NJ FamilyCare will not hurt their chances of becoming a legal permanent resident or US citizen.
  - Information provided to NJ FamilyCare is not shared with the U.S. Citizenship and Immigration Services.
  - A parent’s immigration status does not need to be provided if the parent is not requesting health coverage for him or herself.
  - A parent’s status has no effect on the eligibility of a child.
- In the application your client will need to select a health maintenance organization (HMO), or health coverage plan. When choosing a health plan, your clients should ask themselves:
  - What doctors or specialists do I/we see and what health plan do they participate in?
  - Does the health plan have other participating doctors, dentists, and drug stores that are convenient for me to use?
  - In Atlantic County, the health plan options may include:
    - Horizon Blue Cross and Blue Shield of New Jersey
    - United Healthcare
    - Amerigroup RealSolutions
    - Aetna Better Health of New Jersey
    - WellCare
- Answer all other questions and click “Submit” on the last page.
- You will receive a confirmation number. Print the confirmation page (Appendix C) for your client. If that is not accessible, write down the confirmation number and date applied and give to client.
After applying online, NJFamilyCare will follow up in 2-4 weeks. Your client will receive a letter in the mail with instructions on the next steps to complete their application. The letter may request your client to send in documentation such as proof of citizenship, proof of income, or other documentation.

Listed below are the two main types of documentation that are usually needed. To speed up the application process, tell your clients to gather the documents listed below so they are ready if asked to send them in.

| 1. Proof of Citizenship | • Photocopy of Birth Certificate or
|                        | • Legal immigrant documents.
|                        |   o Examples of legal immigrant documents:
|                        |     o Permanent Resident Card (A.K.A -“Green Card”)
|                        |     o Employment Authorization Card or Work Permit
|                        |     o Foreign Passport or Form I-94 (arrival/departure record) with I-551 stamp.
| 2. Proof of Income     | • Pay stub from current month of employment OR
|                        | • If unemployed, a written letter from self, stating you are unemployed OR
|                        | • If working under the table, a letter from self, stating your income.
|                        | • The Spanish Community Center offers assistance in writing letters that can be notarized for a $15 fee. Their address is 3900 Ventnor Ave., Atlantic City, NJ 08401. Their number is 609-345-1249.
| Common Issues          | • When a pregnant woman receives Presumptive Eligibility (PE) at a certified PE provider in Atlantic County they will receive a **white Health Benefits Identification Card** in the mail (pictured on top left). This card allows them to receive temporary care, but it does not mean they have been accepted to receive full insurance coverage for the year. Tell your clients that they must check their mail for a letter with directions to follow to complete their health care coverage - **many people fail to receive coverage because do not check their mail and never send in the appropriate documentation**. See Appendix D for a sample letter.
|                        | • Your client will know that their application is complete and they have full coverage for the year when they receive another card in the mail from the Managed Care Organization they selected (e.g. – Horizon, Aetna, etc.; pictured on bottom left). Your client must bring this card in addition to the Health Benefits Identification Card to all doctor’s appointments.
|                        | • If someone moves after they apply for NJ Family Care, they may not receive the letter that was sent from NJ FamilyCare in the mail, and will not be informed of what they need to do to complete their application. Encourage clients to follow-up and check on the status of their application by contacting the numbers listed in the “Follow Up” (next section) of this document.
|                        | • If individuals who apply for NJ Family Care do not open their mail after they apply online, they may throw away the letter that details the next steps they need to take to complete their application, assuming it is junk mail. Tell your clients to open all mail they receive after the time they apply until they know they have taken the appropriate steps to complete their application.
Your client should hear back from NJ FamilyCare within 3-4 weeks. Instruct your client to contact the NJ FamilyCare number listed below if they have not heard back in that time frame. They can also call the Center For Family Services for help with their application or to have any questions answered about the NJ FamilyCare process.

1. **NJ FamilyCare (Appendix B)**

   - Individuals can check the progress of their NJ FamilyCare application 24 hours a day, 7 days a week by calling **1-800-701-0710**.
     - If documents need to be sent by mail, send to:
       
       NJ Family Care
       PO Box 8367
       Trenton, NJ 08650

   - All applications are processed at the state office in Trenton unless your client meets one of the following qualifications a) a woman who received Presumptive Eligibility (PE) at a certified PE provider, b) a legal permanent resident, or c) a non-qualified pregnant woman. In any of these cases, his/her application will be processed at the Atlantic County office, not the state office. To check on these applications your client can call **609-348-3001**. *(Note: The letter your client received in the mail confirming the application should identify which office is processing his/her application)*
     - If documents need to be sent by mail to the Atlantic County office, send to:
       
       Department of Family and Community Development
       1333 Atlantic Avenue
       Atlantic City, NJ 08401

   - Remember it is especially important for clients who received Presumptive Eligibility (PE) to follow up so that they receive full insurance coverage.
   - If a woman has recently had a baby and needs to add the baby to her insurance, tell her to call the Atlantic County Department of Family and Community Development at **609-348-3001** as soon as possible. **It is a great idea to advise the client to bring documents to the hospital with her.**
   - Inform your client that they must renew their insurance every year. NJ FamilyCare will check to see if anything has changed in the family situation. They may be sent a form to confirm their household size, or other information to complete. It is very important they respond to the requests for documentation so the insurance is not lost or interrupted.
   - Give your client the NJ FamilyCare flyer. The flyer has the phone number and website on it for easy reference.

2. **Center For Family Services (Appendix F)**

   - The Center For Family Services has healthcare navigators that can help answer any questions your client may have about the NJ FamilyCare process. They can call **1-877-922-2377** or visit centerffs.org.
   - The Center For Family Services’ health care navigators can also help clients enroll in health insurance through the Marketplace if they are not eligible for NJ FamilyCare.
   - Clients can visit centerffs.org to find local events in which a health care navigator will be available to share information about NJ FamilyCare and health insurance through the Marketplace.
   - Give your client the Center For Family Services Flyer. The flyer provides information about their program and includes their phone number and website address.
While your clients wait for their applications to be processed, or if they are not eligible for NJ FamilyCare, they will need to know where they can go to get healthcare services. Refer them to the organizations below. To request more copies of resources, reach out to Atlantic County Health Educator at 609-645-7700 x4227.

### 1. Federally Qualified Health Centers (FQHCs)

- Federally Qualified Health Centers (FQHCs) provide their services to **all persons regardless of ability to pay**. They use an approved sliding-fee scale that is based on patients' family income and size. FQHCs serve the **uninsured and underinsured**, as well as patients with Medicaid, Medicare, and private insurance.

  Services provided at the centers include:
  - Pediatric Services
  - Women’s Health/Prenatal Care
  - Internal and Family Medicine
  - Mental Health
  - Dental Care
  - Evaluation for Sexually Transmitted Diseases
  - Laboratory Services
  - Referrals for Specialty Care

  FQHCs in Atlantic County include:
  - AtlantiCare
  - Southern Jersey Family Medical Centers (SJFMC)

  Give the **Federally Qualified Health Center** flyer to your client. This handout lists the contact information for each location.

### 2. Prenatal Care

- Pregnant women should be referred to Reliance Medical Group or Southern NJ Family Medical Centers for prenatal care. Both centers accept women with or without insurance.

- Women who are eligible can apply for NJ FamilyCare at either of these centers and can also receive immediate, temporary Medicaid coverage (Presumptive eligibility).

- It is recommended that women receive prenatal care in the first three months of their pregnancy to increase their chances of having a healthy baby.

  Give the **Prenatal Care** flyer to your client if they need prenatal services. This handout lists the contact information for the aforementioned facilities.

  Refer to Southern New Jersey Perinatal Cooperative Healthy Families Home Visiting Program at 609-345-6420.

### 3. Dental Care

- The Rutgers School of Dental Medicine provides a full range of oral health services for low-income families and senior citizens at the John H. Cronin Dental Center in Northfield and University Dental Center in Galloway. Diagnostic, preventative, restorative, periodontics, prosthodontics, endodontic, surgical and emergency care procedures are available to patients. Medicaid is accepted and a sliding fee schedule is available for those without insurance. Some private insurances are also accepted.

- SJFMCs provide primary dental services including treatment of tooth decay, gum disease, and oral cancer examinations. You do not need health insurance to get care at SJFMC. These centers serve the uninsured and underinsured, as well as patients with Medicaid, Medicare, and private insurance. If you are uninsured, your bill will be based on your ability to pay.

  Give the **Dental Services** flyer to your client if they are in need of dental care. This handout lists the contact information for each of the facilities mentioned.
4. Prescription Assistance Card

- Any county residents without prescription coverage can use this card to save money on prescription drugs. Those who do receive insurance coverage may also still be able to benefit from the discount card, since it may save them money on prescription drugs if their plan does not adequately cover the cost. (Note: This is not insurance, it is a prescription savings program approved by the county).
- Residents can save an average of 24% of the retail price of prescription medications.
- The card can be used at 68,000 pharmacies nationwide.
- Provide the Prescription Discount Card flyer to your client. The flyer has a phone number which can be called to find out more information. It also has a website address where residents can visit to print out a prescription assistance card, and find out about participating pharmacies.

5. MyCountyCares Dental Plan

- MyCountyCare Dental Plan is meant for those who do not have insurance and need help paying for their dental bills (it is not an insurance plan).
- MyCountyCares Dental Plan can save participating members on savings of up to 60% on most dental procedures including routine oral exams, dentures, root canals, crowns and more.

I understand that if I’m found eligible and because I have joined a Health Plan, I must follow the rules for obtaining health care from the Health Plan. I understand that I must let my Health Plan and NJ FamilyCare know if there is any change in the number of people in my family and that any newborn children will be enrolled in my Health Plan. I understand that, unless I, or a family member, have a true medical emergency, I must call my personal doctor for medical advice, medical care or for a referral to a specialist. I understand that if I, or a family member, have a true medical emergency, I must call my personal doctor or the Health Plan as soon as possible after I, or the family member, go to the hospital. I understand that I must keep any medical appointment I have scheduled with a doctor and, if I cannot, I must call the doctor’s office to cancel the appointment. I understand that if I go to a doctor other than my personal doctor I have selected, without a referral from my doctor or approval from the Health Plan, I may have to pay for that doctor’s services because NJ FamilyCare will not pay for the unapproved service or visit. I understand that I may change to another Health Plan and that I can call the Health Benefits Coordinator to help me do that. I give permission for the release of my medical history and health care records and those of my family members who will be enrolled to any person(s) in the Health Plan and its providers who shall provide or coordinate health care to me and my family as long as I am a member of the Health Plan.

I understand that a change in my information could affect the eligibility for member(s) of my household. I know that I must call 1-800-701-0710 (TTY: 1-800-701-0720) to report any changes.
• I authorize the NJ Division of Taxation to release my tax return information to NJ FamilyCare.

If the information doesn’t match, we may ask you to send us proof.

Renewal of coverage in future years
To make it easier to determine my eligibility for help paying for health coverage in future years, I agree to allow NJ FamilyCare to use income data, including information from tax returns. NJ FamilyCare will send me a notice, let me make any changes, and I can opt out at any time.

If anyone on this application is eligible for NJ FamilyCare

• Does any child on this application have a parent living outside of the home?  Yes  No
• If yes, I know I will be asked to cooperate with the agency that collects medical support from an absent parent. If I think that cooperating to collect medical support will harm me or my children, I can tell NJ FamilyCare and I may not have to cooperate.

**What’s Covered?**
NJ FamilyCare offers full health care coverage through health plans contracted by the state. NJ FamilyCare covers most health care needs including:

- doctor visits  
- prescriptions  
- x-rays  
- eyeglasses  
- lab tests  
- hospitalization  
- mental health services  
- dental  
- specialist visits

**Who is Eligible:**
Qualified NJ residents of any age can be eligible for NJ FamilyCare. This includes children, parents, caretaker relatives, and adults without dependent children. Eligibility is based on the income and household size that was reported on applicant’s latest federal tax return. However, NJ FamilyCare can use other sources, such as pay stubs, to verify information. Income eligibility for children is higher than income eligibility for adults. (See chart)

**What Does it Cost?**
For many people, NJ FamilyCare will cost nothing: no monthly premiums or co-payments.
For higher income families with children there is a sliding scale for co-payment’s and monthly premiums.

**Are There Any Restrictions?**
Pre-existing conditions do not affect eligibility. In most cases, children must be without medical insurance for at least 3 months to qualify. Because there are exceptions, it is a good idea to call NJ FamilyCare in case you have a question.

Adults must have Legal Permanent Resident status for at least five years to be eligible. Children and pregnant women, regardless of their date of entry into the U.S., can be eligible if they are legal residents. For undocumented residents, their children may be eligible if born in the U.S.

**How to Find Out More?** To find out if you are eligible, or for more information, call or visit our website.

Pregnancy testing and prenatal care are offered at the locations listed below.

*Both locations accept women with or without insurance.
