

## Atlantic County has a Career Opportunity!

**Career Opportunity: Animal Health Technician (PT, Temp)**

**Location: Pleasantville**

**Salary: \$18.00/hr**

**Hours: Up to 21 per week**

Atlantic County is in search of an experienced team member to assist our Veterinarians in the care and treatment of animals including administering vaccinations and medications, performing diagnostic testing and assisting with spay/neuter surgeries.

Interested applicants should have one (1) year of experience in a veterinary office, animal hospital or animal shelter performing vaccinations, diagnostic tests, euthanasia, and/or various other medical treatment on animals. College credits in veterinary science/technology, animal science technology or related fields are preferred. We are looking for the right candidate for the job; if you don't meet all the qualifications above, but have other transferable experience, please apply and tell us about it!

---

The mission of Atlantic County Government is to serve the needs of county residents, businesses and visitors and to provide quality services in a cost effective and efficient manner. Working for Atlantic County Government brings the satisfaction of knowing you can make a difference in the lives in your community. You would be part of a diverse workforce and serving among a highly trained and experienced staff providing services to the public. We offer comprehensive medical healthcare coverage options, retirement savings options, wellness programs, an employee assistance program, paid holidays, paid sick and vacation time, and entry into the State pension system for most positions. Also, as a governmental organization, Atlantic County is an eligible employer for Public Service Loan Forgiveness (PSLF)! All this while doing meaningful work that helps the people around you!
