ANOTHER SPECIAL PRESENTATION FOR PARENTS AND CAREGIVERS

Raising Humans in a Digital World.

September 1, 2023 3:30-5:00 p.m.

Following the same themes in the book of the same title, this presentation focuses on how to help kids build a healthy relationship with technology. The presentation will cover online reputation management, screen time, social media, online privacy, and how (and why) to wait on introducing certain tech to young children.

Attendees receive a discussion guide so they may continue investigating these topics.

About the Presenter: Diana Graber is the author of “Raising Humans in a Digital World: Helping Kids Build a Healthy Relationship with Technology” and founder of CyberWise.org and CyberCivics.com, two organizations dedicated to helping adults and students learn digital citizenship and literacy skills.

A long-time media producer with an M.A. in “Media Psychology & Social Change,” Graber is a recognized expert on technology's impact on human behavior. In addition to serving as Adjunct Professor of Media Psychology at the Massachusetts School of Professional Psychology (MSPP), Graber still teaches middle school Cyber Civics at Journey School in Southern California.
