American Engineers and Science Robotics Academy

Dr. Basilyn Bunting
Phone: (609) 287-5690 Fax: (609) 482-8293
Email: basilynbunting@americanengineering.org
Americanengineering.org

Our mission is “To Develop the Next Generation of Real World Problem Solvers, Engineers, and Scientists”, by inspiring and exciting at risk youth about Science, Technology, Engineering, and Mathematics (STEM). Our mission is achieved by exposing underserved and underrepresented youth, in grade K-12, to STEM hands-on interactive activities.

As a STEM organization, our youth gain experience using current, and cutting edge 21st century technologies, software, and hardware. The technology driven software activities are research-based, project based, and correlates to common core, and 21st century technology standards. Students engage in state-of-the-art Hardware: Laptop computers, iPads, Robotic Invention Systems, 3 Dimensional Printer etc. We provide leading edge technologies, because our youth, will need 21st century technical literacy to compete successfully in a rapidly changing global economy.

Our purpose is to make 21st Century technologies, available, and accessible to low resourced communities...the kind of resources which are readily available to youths of the more affluent communities. The outcome is to position at risk youth to become

STEM college majors, to pursue STEM careers, and acquire high paying STEM jobs, that will change the socio-economic status, of their communities.

Our values, and key drivers of American Engineering and Science Robotics Academy are:

- Our belief in the intellectual value, and worth of youth in minority communities, and their inherent creativity and innovation.
- Partnering with like-minded organizations that put children first, because our children cannot wait, and we have none to waste.
- Exposing our youth to a research based curriculum, proven to engage inner city youth.
- Creating an environment that encourages, embraces, celebrate, and explore the ideas of youth.
- Training and hiring minority High School Students as Jr engineers, to coach, mentor and to be role models for our younger students, doing our part to reduce the high unemployment rate of minority teenagers.
- Starting early career paths for Jr engineers, building STEM resumes, and establishing pathways forward for the children who are to come.
- Building ladders needed to change the socio-economic status of a community.
- Exposing, K-12, youth to STEM is to complement the day schools, by putting youth in ready mode for learning.
- We provide youth informal education that a parent would provide, if they had the STEM knowledge, experience and passion for STEM that our staff has.

Enrollment or sponsorship of a child, in our STEM Activities, affects the futures of both enrolled children, and Jr Engineers.

MISSION

The mission of the Dare To Be King Project LLC (DTBK) is to inspire, support and strengthen organizations that provide services to boys of color. Our goal is to engage boys and men of color for emotional development, familial reconciliation and academic success.

DTBK is one of a few international firms that solely provide life skills training, parental engagement strategies and academic interventions for boys of color.

VISION

DTBK seeks to expand its network by focusing on two key areas:

1. Provide professional development, best practices and other resources to support and strengthen organizations working with boys of color;
2. Promote organizations with tools to ensure that boys of color receive life skills training and support to succeed academically and socially.

Friday Is Tie Day, Inc.

Darrell Edmonds, Executive Director

<https://www.fridayistieday.org/our-vision>

The mission of FITD is to empower young and adult males with the skills to improve life outcomes. This will ultimately make better sons, brothers, and fathers. We empower young men through mentoring.

The Friday Is Tie Day teen movement is geared towards young men in grades 8-12. So much of popular culture teaches our young people to be rude, arrogant, and disrespectful. It is our intention to "buck the culture" and start something new (or revive something old).

We encourage teens in any school to start wearing ties to school on Friday. For one day a week, they will make a deliberate effort to not only dress like gentlemen but to also act like gentlemen. We anticipate that these trend setting young men will have a positive impact on the entire school environment.

We empower adult males through our responsible fatherhood initiative. We meet once a month with dads for a breakfast and we use a proven curriculum called All Pro Dad.

All Pro Dad is an initiative by Family First. This innovative and unique program is for every father. We strive to help fathers become passionate about their role in their family's life. We strive daily to provide them every resource needed to rightly train up their children and give them a hopeful future.

Our aim is to interlock the hearts of the fathers with their children and as a byproduct the hearts of the children to their dads.

Family Bereavement Groups

The Alcove offers activity-based peer support groups for children, teens and adult caregivers who are grieving the death of a loved one. Children receive care and support in a safe environment where they can express themselves through play, art, storytelling and music.

Peer support groups foster open, honest discussion of the feelings of sadness, fear, anger and confusion that accompany a loss.

Groups meet every other week throughout the year, with sessions lasting one and a half hours.

An evening begins with sharing a light meal together and then break out into age specific groups for activities and group discussions.

We offer five age groups:

- Ages 3-6
- Ages 7-10
- Ages 11-14
- Ages 15-18
- Adult Groups

Adult Grief Groups

Support Groups for Adults 19 years of age & older and facilitated by trained volunteers.

All of the above programs are offered at **no cost**.

Anticipatory Grief

Home visits provide activity based support to children ages 3 – 18 who have an adult caregiver that has been diagnosed with a life threatening illness.

School Outreach Program

Peer support groups conducted in schools in high risk areas for children unable to attend group at our Northfield Center. Fun, age-appropriate activities provide children/teens with a safe environment in which to explore the many thoughts and feelings associated with grief. The groups are facilitated by an MSW Social Worker and provides grief support and education. This group meets for 6-8 weeks.

Individual and Family Therapy

- Individual and family therapy for grief and loss issues (fee based)
- Therapy is specific to grief and loss issues. All therapeutic services will be rendered by licensed professionals.

Atlantic County Healthy Families is a program of the Southern New Jersey Perinatal Cooperative and is supported with funding from the NJ Department of Children and Families.

How Do We Work?

-Healthy Families is a free and voluntary home visiting program.

- A caring home visitor comes to your family's home and provides you with support and information on parenting and helpful services available to you.
- Participating families receive home visiting support during pregnancy and from birth until three years of age.

How Can We Help?

- Connect you and your baby to health care services and community services.
- Answer questions about your child's needs, from nutrition and child development to home safety, infant behavior and more.
- Assist with family needs such as housing referrals, job training and child care services.
- Offer emotional support to your family as a nonjudgmental listener.

DOMESTIC VIOLENCE & SEXUAL ASSAULT PROGRAMS:

The Domestic Violence program and the Sexual Assault program work to reduce the physical, psychological and emotional trauma, recurrence of domestic violence, sexual assault and incest experienced by victims and their families. All VIP services are free and **confidential**.

24-Hour Hotline: If you or someone you know is involved in a crisis, call (800)-286-4184 or (609)-646-6767. Trained counselors and staff are on call 365 days a year to assist you with crisis intervention, emotional support, information about the emergency shelter, counseling, legal advocacy and other community and social service resources.

Shelter: 24-hour, temporary, emergency and protective housing, in a *confidential* location, for you and your children to stay until your domestic violence crisis passes or you can relocate.

Counseling: Because domestic abuse and sexual assault are crimes of violence, you may feel overwhelmed with feelings of isolation, distrust, anger, guilt, depression and/or loss. You do not have to face the trauma of violence alone. Individual, family and/or group counseling can help promote healing and positive change in your life.

Father's Ending Abuse: Counseling for batterers to control anger and eliminate abusive behavior. You will learn how to break the cycle of violence in a supportive group environment facilitated by a trained counselor. For more information contact our Father's Ending Abuse Program at (609)-601-9925 ext. 1018.

Legal Advocacy: If you are a victim of domestic violence or sexual assault and need legal assistance, AVANZAR can support you through the criminal justice process. AVANZAR will help ensure that your safety and rights are protected however, we cannot offer legal representation or provide you with an attorney. However, our Legal Services Coordinator can give you information, counseling, accompaniment and follow-up support through the confusing, and often overwhelming, legal system.

Sexual Assault Nurse Examiner Program/Sexual Assault Response Team (SANE/SART): If you have been sexually assaulted, you may choose to activate a Sexual Assault Response Team. The team is a group of professionals and volunteers trained to provide compassionate emotional support to sexual assault victims while using state-of-the-art evidence collection tools and techniques for use in prosecuting offenders. Each Sexual Assault Response Team includes a sexual assault nurse examiner, a rape crisis advocate, a law enforcement officer and an assistant prosecutor.

Domestic Violence Response Team (DVRT): AVANZAR trains police department volunteers to become certified crisis counselors who respond to the station immediately following a domestic violence incident to ensure quality support services are provided to the victim. These services include: counseling, assistance with filing a complaint and obtaining a temporary restraining order, locating temporary safe housing, and educating about the issues and implications of domestic violence.

Sexual Assault Volunteer Coordinator: AVANZAR will help train volunteers to become crisis advocates through our 40-hour training session. In this training session, trainees will go out on sexual assault calls at local hospitals and accompany victims to the police stations to make a report on their assault.

Primary Prevention Specialist: AVANZAR offers classes on rape prevention by teaching media literacy and safe dating (Healthy Relationships). Media literacy will help inform you on the effects of how we see others in a negative way. An example of this would be the objectification of women and how it is exploited through the media, thus misleading others into believing that women are objects.

Community Education: Specialized training and community awareness presentations are available for all professional and community-based organizations to further understanding and awareness of domestic violence and sexual assault issues. Trainings and presentations may be tailored to your organization/audience needs. For more information on community education, please email your request to Percy Figueroa at percy.figueroa@acwc.org.

The Clothesline Project: Similar to the AIDS Quilt, the Clothesline Project addresses the issue of violence against women through a visual display of shirts hung from a clothesline, each decorated by a victim or someone who cares about her. For more information on the Clothesline Project or to submit a request, please contact Donna Dandrea at Donna.Dandrea@acwc.org.

Emergency Cellular Phone Program: Cellular phones re-programmed to automatically dial 911 and/or AVANZAR's 24-hour hotline are provided at no cost to domestic violence victims who are in imminent physical danger.

COALITION FOR A SAFE COMMUNITY

P.O. Box 643
Pleasantville, NJ 08232

The Coalition for a Safe Community started in 2010 with a concerned group of citizens, public officers, law enforcement agencies, faith-based and other organizations determined to take action to combat crime and violence. In the past, some members had come together on a "specific task" and then disbanded. And at times, a function of any Coalition may be loose associations in which members work for a short time to achieve a specific goal or goals and then disband.

Recently, there has been a lot of negativity in our national media, which has affected everyone. Many of the communities who made national headlines lacked a strong community police relationship, and in several cases, it was the lack of diversity, community and police relationships, and/or a lack of representation that created these issues. The police community relations in minority communities has historically been less than ideal. Many of the urban disturbances since the 60's have evolved from police-related confrontations or violence in response to tense situations. However, the Coalition is working to advance positive associations and relations with police in order to create a "stronger, more proactive" police presence in local communities.

The Coalition has taken a proactive approach in creating an atmosphere of cooperation, understanding and open communication between residents and law enforcement. This interaction between community groups is critical and steps taken by the Coalition to achieve this goal include:

- Sponsored a series of meetings (to develop a clearer understanding) between law enforcement officials, community, religious /civic leaders and youth,
- Participated in Chief Henry White's community initiatives to bring law enforcement and community closer together in Atlantic City,
- Shared these efforts with community members through media outlets including: WEHA Gospel radio station, with weekly updates and appearances on other media outlets,
- Established a collaboration with Atlantic County Prosecutor Jim McClain by bringing the State's "Violence Commission" to Atlantic City to hold their first ever public hearing, and
- Joined United Way in their efforts to lead an agency summit working toward a coordinated response to the economic crisis resulting from recent casino closings.

Mission Statement:

We who recognize God's providence and fidelity to his people are dedicated to living out his covenant among ourselves and those children we serve, with absolute respect and unconditional love. That commitment calls us to serve suffering children of the street, and to protect and safeguard all children. Just as Christ in his humanity is the visible sign of God's presence among his people, so our efforts together in the covenant community are a visible sign that effects the presence of God, working through the Holy Spirit among ourselves and our kids.

SUPPORTIVE SERVICES

Career Development

Our educational teachers help our kids reach their educational goals, from enrolling in school, getting their GED, to applying for college. Our vocational programs give them the tools they need to learn to obtain a job. They learn how to write a resume, where to look for work, and how to dress and prepare for an interview.

Medical

We provide premiere comprehensive medical care free of charge to every young person we serve. With a full-time Pediatric Nurse Practitioner on staff, we are able to give them the care they need. In addition, we have close working relationships with area hospitals when specialty care is needed. We work together with our community to provide each young person with a comprehensive physical, treat their chronic illnesses and offer preventative education and care.

Addictions

Our Substance Abuse Coordinator helps youth overcome their addictions on an outpatient basis on site. We also work closely with several inpatient rehabilitation programs so if any one of our youth needs additional help, we can help them by referring them to the appropriate programs. Our addictions specialists offer counseling to our kids who are struggling with addictions or are in recovery and teach preventative didactic classes...

Youth Advocacy Center

Our attorneys represent our young people in civil legal matters, including immigration, housing, public benefits, and are advocates for our youth in the criminal justice system. From obtaining Identification to becoming emancipated, our attorneys provide an array of much needed services to the kids. In addition, the Youth Advocacy Department is responsible for helping to create the Tuition Waiver Bill and the Homeless and Runaway Youth Act.

Pastoral

Our Pastoral Minister provides spiritual guidance to our young people. Although our roots are in the Catholic Church, we are non-denominational and we accept youth of all religious faiths. The Pastoral Minister organizes staff and youth retreats, runs meditation classes, and helps youth with anything they need, from clothing, to finding furniture for their new apartments and just being a friendly face to talk to.

Aftercare

We help our kids find and maintain more permanent living situations by connecting with them after they leave us. Many of the youth come back to us for guidance and we maintain contact as they adapt in their communities.

Mental Health

About 90 percent of our kids have a mental health diagnosis, ranging from depression to schizophrenia. Our LCSWs assess them, provide short-term counseling and connect them to ongoing services in the community.

Youthbuild

Youthbuild is a program that assists young adults in obtaining their GED's, working towards a construction certification and developing their potential as leaders and positive role models within their community. For more information, [click here](#) or call 609-350-6756.

HOPE ONE of Atlantic County

4997 Unami Boulevard, Mays Landing, NJ 08330

Email: hopeoneac@outlook.com

Phone: (609) 909-7200

The Atlantic County Sheriff's Foundation, Inc., a non-profit organization brings together the business, civic, and other professional communities to promote public safety initiatives by providing financial and in-kind resources to the Atlantic County Sheriff's Office. We seek to expand public safety awareness by advancing public safety policy and community outreach objectives.

Our mission is simple, but critical; to provide supplemental resources in technology, training, and equipment for local law enforcement to fight crime and enhance community engagement initiatives in Atlantic County. The programs we fund are ultimately intended to enhance overall public safety

and help build stronger relationships between the community and the Atlantic County Sheriff's Office.

The Atlantic County Sheriff's Foundation, Inc. believes that the safety of our neighborhoods in Atlantic County is a civic responsibility that each and every one of us shares. In addition, we believe the Sheriff's Foundation objectives will translate into clear, tangible benefits for both the Atlantic County Sheriff's Office and for all stakeholders within our region.

Our goal is to make Atlantic County a safer place to live, work and visit through the fulfillment of public safety initiatives and by displaying strong leadership to support those who serve with honor.

The "HOPE ONE" mobile response unit will offer critical support for persons struggling with addiction. The Atlantic County Sheriff's Community Services Unit will operate the mobile unit with our partners. The "HOPE ONE" vehicle will travel to locations throughout Atlantic County providing services to persons in need. A Sheriff's officer, a certified peer recovery specialist – who understand the needs of those suffering with addiction and who can triage individuals in crisis, will staff the vehicle.

In addition, Narcan kits and training will be provided to family members and friends of those suffering with an opioid addiction. The specialists staffing the van will also maintain communications with treatment centers, so they can track available beds, in real time, in the event they encounter an individual who is in immediate need of treatment. Our goal is to provide direct assistance to people regardless of their socioeconomic status or condition.

The intent of the "HOPE ONE" mobile unit is to remove barriers for people in need of services and eliminate the stigma associated with seeking help. The mobile unit will be a caring, non-judgmental environment for any resident of Atlantic County seeking safety and treatment guidance and support.

Manager - Michelle Stone

The purpose of DCF is to assess Child Safety; take action to ensure the immediate safety of each child and to provide contracted or community services to family members based on their needs.

The Department of Children and Families responds to referrals made to our Centralized Screening unit in Trenton, (1-877-NJ-ABUSE), and referrals received from Family Court.

In New Jersey, any person having reasonable cause to believe that a child has been subjected to abuse or acts of abuse should immediately report this information to the State Central Registry (SCR). If the child is in immediate danger, call 911 as well as 1-877 NJABUSE. A concerned caller does not need proof to report an allegation of child abuse and can make the report anonymously.

Recovery Centers of America (LightHouse)

5034 Atlantic Avenue Mays Landing, NJ 08330
Phone (609) 782-0005

(855) 978-2079 (24 Hour Admissions Line)

We know that patients who are treated well, get well sooner and stay well longer. As a result, we take a holistic approach to getting patients into a life of long-term, meaningful recovery.

Our approach centers around a combination of the latest evidence-based clinical therapies applied within a 30-day inpatient treatment setting, 12 Step methodology immersion, and outpatient services.

Each patient's individualized needs and care is delivered by the industry's leading medical and recovery experts in facilities designed to make patients – and their loved ones – feel safe, comfortable, and confident about their future in recovery.

Located in Mays Landing, NJ, Recovery Centers of America (RCA) Lighthouse provides distinguished inpatient and outpatient drug and alcohol addiction treatment. Lighthouse offers a complete continuum of care for patients struggling with addiction to alcohol, heroin, opioids, cocaine and prescription drugs. Our team of doctors, primary therapists, nurses, psychiatrists, and masters-level clinicians provide 24/7 medical supervision and treat each patient as a whole.

RCA's Medically-Monitored Detox

In order to minimize withdrawal symptoms and ensure patient comfort and safety, Lighthouse administers 24/7 medically-supervised detoxification. Licensed physicians and nurses deliver a customized process to meet each patient's physical and mental needs. This tailored detox rids patients' bodies of any remaining drugs or alcohol.

A Complete Continuum of Care

Our complete continuum of care starts with our medically-monitored detox and moves to our inpatient program. Here, all outside distractions are removed, so patients can become fully immersed in getting well. Lighthouse's comprehensive process provides each patient with:

- A structured environment and recovery-focused programs
- Evidence-based treatment (such as cognitive behavioral therapy)
- Around-the-clock support and care, with 24/7 medical supervision and nursing support
- An encompassing 12 Step program
- Spirituality services to regain a sense of purpose
- Relapse prevention
- Coping skills
- A positive recovery network

Guiding Families into Recovery with Interventions

At RCA, we believe interventions shouldn't make a loved one feel ambushed; rather, it's the opportunity for friends and family to show someone they love that they don't have to deal with their addiction alone.

Our experienced interventionists help families by:

- Planning the intervention and preparing the family and friends
- Leading the intervention and keeping the conversation on track
- Performing an initial clinical assessment of the potential patient
- Discuss various treatment options and financial considerations

Then, patients have the option to transition to an outpatient program that fits their needs. Lighthouse offers general outpatient (GOP) and intensive outpatient (IOP).

Be a Part of the Recovery Social Network

One of the best ways to sustain and support long-term recovery is to stay involved in a recovery social network. RCA's Alumni Association helps people in recovery stay connected and provides the opportunity to meet new people, try new things, and see new places with your support network:

- Alumni groups and meetings
- Attending alumni events and activities
- Helping others who want to maintain long-term recovery
- Ongoing education
- Continuous support
- Legal, family, and/or employment issue resolution

Pathways to Academic and Career Exploration to Success (PACES)

PACES is an in-home service that aims to support adolescents involved with DCP&P by providing effective transition practices to obtain a high school diploma and engage in post-secondary education, career exploration, vocational training, and other supports and services to assist the youth to secure employment. Staff assist students in developing academic skills, behaviors and attitudes that lead to admission and retention to a post-secondary institution and help youth identify and progress towards achieving their post-secondary goals.

Nurse-Family Partnership

The Nurse-Family Partnership Program is a free service that pairs a first-time mom by 28 weeks gestation with a personal registered nurse to ensure the best possible pregnancy outcome, the best health and development of the baby, and to help link mom to community resources. Moms can keep the service until their child's 2nd birthday.

Southern New Jersey Perinatal Cooperative

605 West California Ave Pleasantville, NJ 08232

Phone: (609) 668-6523

Fax: (609) 345-6423

The Southern New Jersey Perinatal Cooperative is a non-profit health network which coordinates and supports maternal-fetal, newborn, and pediatric care throughout the seven-county region of Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, and Salem counties.

Activities of the Cooperative are focused on preventing preterm births and improving the health of pregnant women, infants, and children in South Jersey.

Programs Offered:

Mom's Quit Connection (MCQ) is a free smoking cessation support program for pregnant women, and mothers, families and caregivers of young children who need help trying to quit.

Wipe Out Lead NJ (WOLNJ) is a statewide initiative to help expectant parents and families in NJ identify lead hazards in homes built before 1978. The program provides free **home testing kits** to screen for dangerous levels of lead paint dust the most common source of childhood lead poisoning.

The WIC Breastfeeding Initiative helps WIC clients in South Jersey achieve their breastfeeding goals through education, advocacy and support.

Lactation consultants and peer educators help WIC clients interested in breastfeeding their baby. Staff travels to prenatal and pediatric clinics, maternity units in hospitals

and WIC agencies for one-on-one personalized assistance. Staff provide information, problem solving and equipment at no charge for WIC clients who meet eligibility guidelines.

The WIC Breastfeeding Initiative also supports a 24-hour toll free warm-line.

1-800-WIC-1911

Post Wellness Initiative (PWI)

Nearly 85% of all mothers experience some form of depression after giving birth. To help South Jersey families meet this very common, very real challenge, SNJPC offers a range of services to support the improved diagnosis and treatment of perinatal mood disorders.

Long concerned with perinatal mental health, the agency accelerated its postpartum depression (PPD) services in response to a 2006 New Jersey law that requires all pregnant women to be educated about PPD and screened for the disease.

The Cooperative provides public and professional PPD education, works to improve access to treatment services, and helps providers to comply with the education and screening mandates of the new state law.

The Perinatal Addictions Prevention Project provides professional education, professional training, and consumer education about the effects of alcohol and drug use during pregnancy. Substance use during pregnancy multiplies the chances of low birth weight, developmental problems, and miscarriage. To ensure pregnant women receive appropriate assistance, the program also helps health professionals implement a prenatal screening tool for the early identification and treatment of high-risk behaviors.

For more information, email PAPP@snjpc.org

The Infant and Family Development Program (IAFD) is a free service for new parents who may need help caring for their baby.

IAFD offers help for new parents in three ways:

Parenting Education

- Answers questions about feeding, health care, and discipline.
- Offers support in obtaining other services such as WIC, Medicaid, or SSI.

Developmental Screening

- In-home follow-up to see if your baby is growing and learning at a normal pace.
- Activities to help a baby or child catch up with other children his or her age.

Medical Follow-up

- Information on how to tell when your baby needs a doctor.
- Help making sure your baby is properly immunized.

How to participate

Any family who lives in Atlantic County and meets eligibility criteria can participate.

The hospital where you deliver your baby will decide if your family might benefit from IAFD. The hospital calls IAFD, which will then contact your family. If you are interested, just tell the person who calls that you want IAFD services. IAFD is voluntary.

For more information about IAFD, email IAFD@snjpc.org

The Police Athletic League (PAL) is a recreation oriented juvenile crime prevention program that relies heavily on athletics and recreational activities to tighten the bond between police officers and kids in the community.

Police Explorers Program: (Year Round) Ages 13 to 18. Teaches respect of the law and the various functions of Police Department Members who often detail as security at special events. Many of the participants leave the program with aspirations of working in the field of law enforcement.

Summer Day Camp: (July – August) (Ages 8-12) 5 days a week – consists of Dance, Drama, Music, Arts and Crafts, Health, Anti-Bullying, Science, Phys. Ed. And Golf. There are field trips each Friday and lunch is served daily. There is always a spectacular end of the summer showcase.

Intramural Teams: (January to April) Male and Female – The Intramural Teams consist of 8 in- played on Friday evenings. When the games are concluded at the house teams: 4 basketball and 4 flag football. The games are end of the season, all players receive an award. Our most prestigious award is The Jamar Reynolds Character Award, which is awarded based on character, good sportsmanship and leadership.

Boxing Program: (Year Round) Our Boxing Program is for Male and Female starting at 10 yrs. of Age. PAL of Atlantic City is recognized nationally as one of the top amateur boxing programs in the country. We have had several national champions over the years. Our PAL is also the home of former heavyweight champion Bruce Seldon and the late former lightweight champion Leavander Johnson.

The Golden Circle: Seniors activities are also a fun and recreational part of PAL. A nice place to meet friends, talk, play bingo and have fun. PAL offers something for everyone!

McGurk Learning Center: (Year Round) At the Learning Center, participants will learn basic computer skills such as accessing and surfing the Web, how to utilize search engines and information to assist in the completion of Homework. Students will open their own e-mail accounts and have their own e-mail addresses. We are searching for knowledgeable instructors to assist with the learning program.

Science Club: (7 classes each season) Male and Female, Ages 8 to 14 – During the spring session the curriculum was “The Power of Wind”. The participants learned how wind is used to generate electricity. The climax was a visit to the ACUA facility in Atlantic City to witness firsthand the working of the windmills. This was our first session and the participants are very excited about this new program.

Boy Scouts Troop #715: (Year Round) Ages 10 to 16 Young men learn responsibility, good judgment and respect. They are taught basic camping skills such as tent making and hiking. The boy scouts often participate in jamborees with other troops from around the country.

The Art Club: Ages 8 to Adult (Year Round) Bring your artistic talents to the Police Athletic League Art Club and explore the colors of the rainbow. If you love to draw, sketch, paint, color or just watch, the Art Club has something for you. Create a self-portrait for your loved ones, celebrate the colors of nature or create wondrous images from the universe within your mind. Everyone with an artistic flare will enjoy this program.

Performing Arts Workshop: (P.A.W. Prints) Male and Female, Ages 8 to Adult (September to June) teaches the fine art of dance, vocal performance and drama. Participants display 2 to 3 performances per year. Besides performing, P.A.W Print's purpose is to teach self-esteem, team-work and public speaking; and to present additional educational opportunities.

Little League Baseball: (March to August) Male and Female, Ages 8 to 12. Little League Baseball consists of 6 intramural teams that play throughout the season. The Little League Team also consists of traveling All-Star Teams that compete throughout the county. Each member receives a commendation at the end of the season.

Basketball Teams: (October to April) We are proud to boast of two girls and two boys teams, grade 5 through 8, that participate in the Atlantic County league..

CPR TRAINING: Learn valuable skills that could save a life. Earn a certificate in CPR. PAL has a certified Emergency Management Technician who teaches Cardio Pulmonary Resuscitation. It's quick, it's easy and more importantly, it could save a life.

Mission Statement

The mission of the Men of Atlantic Cape (MAC) Male Retention Program is to promote the intellectual advancement of Black/Latino males by demonstrating and reinforcing the essential values of scholarship and perseverance through a series of activities that encourage self-motivation, self-empowerment, sound decision-making, academic excellence and community service. The MAC Program seeks to enhance qualities for becoming model citizens and leaders of our communities.

Plan for Academic Success

1. MAC members are expected to make *Satisfactory Academic Progress* according to the requirements of the Atlantic Cape Community College Financial Aid Department.
2. MAC members are expected to attend all classes. Call or e-mail all of your professors if you miss class or if you are going to be late or leave early.
3. MAC members are expected to be prepared for classes; homework completed, book purchased, as well as all supplies and materials indicated.

4. MAC members are expected to use the Writing Lab in the Learning Assistance Center for writing assignments if you are having difficulty in that area. The Writing Lab is located in **D111**.
MAC members are expected to use the Math Lab in the Learning Assistance Center for Math assignments if you are having difficulty in that area. The Math Lab is located in **D113**.
5. MAC members are expected to use Tutoring Services for courses in which you are experiencing difficulty. Counselors in the Counseling and Support Services department can help you ascertain these services. Call 609-343-5667 or stop by the office located in J building to speak to a counselor.
6. MAC members are expected to have proactive communication with professors. Meet with each of your professors regularly in order to discuss your progress.
7. MAC members are expected to meet with the MAC Program Advisor individually to discuss the results of your mid-term progress reports.
8. MAC members are expected to uphold the Student Code of Conduct set forth by the Atlantic Cape Community College as indicated in the Student Handbook.
9. MAC members are expected to refrain from the use of profanity.

The EOF program is designed to meet the educational and financial needs of students whose potential for college may not be reflected in their academic grades and whose economic background makes it extremely difficult for them to pursue a college education without financial aid. Our program makes higher education possible by building a community of students who are eager to learn by exposing them to academic/co-curricular experiences.

The Educational Opportunity Fund (EOF) program gives New Jersey students who have the **motivation** and **potential** to succeed in college but who are educationally and financially disadvantaged an **opportunity** to attend **college**.

EOF is a special admissions program for students meeting certain financial and academic requirements.

Applicants to the EOF program must be:

- Seeking full-time admission
- A resident of New Jersey for at least 12 months prior to entering Stockton
- Coming from an educationally and economically disadvantaged background.

EOF students receive extensive **counseling, tutorial** and other **support services** to ensure success at Stockton.

EOF freshmen **must** attend a residential five-week pre-college summer program. This rigorous program helps strengthen academic, social and self-discipline skills needed for success in college.

Raise.me (website for college scholarships)

Equal access to higher education has become one of the greatest challenges of our time. At Raise.me, we are reinventing educational pathways and changing the way students access billions of dollars each year in scholarships and grants for college.

Most scholarships and grants today are awarded at the very end of high school - far too late to influence students' college search and application process. Raise.me empowers students to earn “Micro-Scholarships” all throughout high school for their individual achievements, creating a more transparent and motivational process while enabling the students to see the guaranteed minimum amount of aid they'll receive from an institution long before they apply.

So far, over 60 institutions across the country have partnered with us to provide millions of dollars in grant aid to help students achieve their college ambitions with greater ease and clarity. Together, we are building a product that will change the lives of students everywhere.

Here's how Raise.me works

Go to www.Raise.me

- Add all of your achievements as early as 9th grade: every grade, sport, club, & more
- Watch money pile up automatically as you earn Micro-Scholarships from colleges
- Cash-in at a Raise.me college where you've been accepted and plan to attend
