

The goal of the assessment process is to determine what a willing buyer would have paid a willing seller for your property on October 1, 2019. For non commercial property, that amount is usually determined by examining actual sales of properties that are similar or comparable to the property being assessed.

This link: (<http://taxlookup.njtown.net/Psr1search.aspx>) will take you to a site maintained by Vital Communications, Inc. **The Atlantic County Board of Taxation is not responsible for maintaining the site and does not guarantee its accuracy.** It is possible that some sales have taken place that are not reported here. It is also possible that sales reported as usable have been subsequently determined to be non-usable. You should revisit the site as your hearing date approaches. If new sales are available or sales you submitted were made non-usable, you may submit additional sales up to seven calendar days before your original scheduled hearing date.

1. Be sure that **01 Atlantic County** appears after **NJ County**
2. Select the municipality where your property is located after **NJ District**. It is not permissible for properties in other municipalities to be used as comparable sales.
3. Unless you are already aware of specific sales you intend to use, you should skip down to the **NonUsable** field and choose **00 – Usable sales**.
4. After **Property Class**, choose **2 – Residential** if you are appealing the assessment of a single family home, townhouse or condominium. Choose **1 – Vacant** if you are appealing the assessment of vacant ground.
5. After **Sale Price**, enter a sales price range that is at least a rough estimate of the value of your property to exclude the many sales for \$1 or other nominal amounts.
6. After **SFLA**, enter the square feet of living area in your property. If you are unsure of your square footage, measure rooms, hallways, closets and areas that are heated, but not porches, finished basements or attics. By regulation, assessors measure living area from the outside, which adds slightly to the square footage. If the shape of your house is

complicated or you are unsure how to measure it, you may obtain a copy of your property record card from your municipal assessor and verify the measurements shown on the sketch that is part of that record. Although the number of bedrooms is relevant, the best way to find comparable sales is to specify square footage within 10% of the size of your home.

Clicking the link after [Book - Page 14314 - 54546](#) will take you to a map showing the property location.

If you intend to use the sale as a comparable, enter the [Block_Lot_Qual](#), [Location](#), [Sale Price](#), and [Deed Date](#) for each sale on your petition form in **SECTION II**.

If your search does not yield sufficient sales, try expanding the time period by including sales between January 1, 2018 and December 31, 2019. Sales outside the original 1 year time period will be given less weight, but are still worth using if nothing better is available. If there are still not sufficient sales, change the **NonUsable** field to **-ALL**. This will produce sales that include any of 33 non usable codes. Sales with codes of 07, 19, 24, 27 and 29 can usually be considered sales between willing buyers and willing sellers. A list of NonUsable codes with descriptions is available here:

Sampling period is defined as the period from July 1 to June 30, inclusive, preceding the date of promulgation, except as hereinafter stated. The recording date of the deed within the period is the determining date since it is the date of the official record. Where the date of deed or the date of formal sales agreement occurred prior to January 1, next preceding the commencement date of the sampling period, the sale shall be nonusable;
- 6 Sales of property conveying only a portion of the assessed unit, usually referred to as apportionments, split-offs or cut-offs; for example, a parcel sold out of a larger tract where the assessment is for the larger tract;
- 7 Sales of property substantially improved subsequent to the assessment and prior to the sale thereof;**
- 8 Sales of an undivided interest in real property;

(b) Transfers falling within the foregoing category numbers - 1, 3, 9, 10, 15, 17, 26, and 28 (under section (a) above), should generally be excluded but may be used if after full investigation it clearly appears that the transaction was a sale between a willing buyer, not compelled to buy, and a willing seller, not compelled to sell, with all conditions requisite to a fair sale with the buyer and seller acting knowledgeably and for their own self-interests, and that the transaction meets all other requisites of a usable sale.

Transfers with codes of 7, 19, 24, 27 and 29 (in green) are often usable if they meet the requirement of a sale between a willing buyer and a willing seller.
