Laughing Matters
Weekdays by advanced arrangement
All ages are welcome to exercise their funny bones with a Certified Laughter Leader. Participants will take a dynamic role in a laughter exercise workout & other activities to encourage playfulness and fun. Laughing is a physical activity that lifts spirits, reduces stress, helps to lower blood pressure and stimulates the immune system. “Laugh for the Health of it!” This program is available free for your organized group of 10-30 people, at your location or ours.

Low Ropes, Team Challenge Course
Weekdays by advanced arrangement
Atlantic County Park at Camp Acagisca
Want to have fun, practice problem solving, while establishing group unity? This outdoor experience can meet many objectives for an existing organized group of 6-15 people, age 10 years and above; building leadership skills, improving communication, and developing consensus, to name but a few. The program consists of physical warm-ups, trust building exercises, and course elements which encompass varying degrees of physical, mental, and emotional exertion. It takes at least 6 hours to complete a majority of the elements. All activities are presented on a challenge by choice basis. Group insurance is required.

Field Games (New and Old)
Is your group of 10-60 people planning a trip on a weekday to the Estell Manor Park? Arrangements can be made for the Recreation Program Specialist to conduct an hour long games program for you. Tug-of-war, relay races, and new games will add excitement to your picnic. An assortment of competitive and/or noncompetitive games can be selected and tailored to the needs of the group.

Volunteer of the Quarter - Paul Quick
Summer 2013 (June - August)
Continuing his record breaking service, this multi-talented, multi-tasking, self-starter has given hundreds of hours to the Park System. Beginning his volunteer service with removing overgrown limbs from trail edges, and thorns from trail beds, Paul soon branched out to assisting with group programs. When he noticed trails flooding due to beaver activity, he began the arduous undertaking of clearing mucky debris from the spillways, only to have it reappear overnight repeatedly. Not dissuaded by that Sisyphean task, at the end of summer Paul’s interest rotated to bike repair, just when it was needed most. Repairing broken seats and pedals, and fixing flat tires by pulling out thorns, Paul’s service has cycled completely. Little wonder that he was selected as our 2012 Volunteer of the Year. Congratulations Paul!
